Introduction

The Department of Employee Insurance (DEI) is pleased to provide an analysis of the Kentucky Employees' Health Plan. In response to requests for data analysis, this report has been prepared to provide information related to enrollment, claims payment, and utilization.

It is the Department's intent to update this information on a monthly basis in an effort to provide current information about Kentucky's Health Insurance Program.

Overview

This report is compiled using Medstat, which is DEI's health insurance information management system. Medstat warehouses enrollment and claims data. Enrollment data is provided by DEI while claims data is provided by each carrier and/or TPA.

Claims information may be analyzed by either "incurred" or "paid" dates. "Incurred" reports specify paid amounts for claims that were incurred in a specified timeframe. Due to the lag time in submittal and payment of claims, historical reports that are based on incurred claims may change significantly with each new database update since additional incurred claims will be added. "Paid" claims reports specify the paid amount for claims regardless of when the claims may have been incurred. Unless otherwise specified, data contained in this report are based on "incurred" claims.

Enrollment in the KEHP changes on a daily basis due to a variety of reasons such as: new hires, adding dependents, dropping dependents, marriage, divorce, becoming Medicare eligible, etc. Therefore, Medstat is dealing with a fluid enrollment base. Also, each carrier processes claims slightly differently. During 2012 Medstat processed enrollment information for a total of 270,404 members as well as 8,891,904 claims (3,894,285 Medical claims and 4,997,619 prescriptions) from different carriers. When dealing with such large numbers it is impossible to tag every claim to a corresponding group, carrier, service type, etc. While the tagging rate for the KEHP data exceeds 99%, you may still see information on reports stated as "~Missing". This indicates any enrollment or claims that could not be "tagged" by Medstat.

Definitions

- **Employee** represents an individual eligible to participate in KEHP as a retiree in either KTRS or KRS, or by being employed by one of the agencies that participate with KEHP (example: state employee, school boards, Quasi agency, etc.). Employee may also be referred to as “planholder” or “contracts”. Please note that Medstat deals with Cross-reference plans uniquely. Although there are in fact two “employees” Medstat can only designate the planholder as an employee. Therefore, the cross-referenced spouse is considered a dependent and all claims and utilization data related to them is counted as a “member”.
- **Member** includes all employees plus any dependents that are covered through the KEHP. Members may also be referred to as “covered lives”.
- **Group** is Kentucky Retirement System (KRS), Kentucky Teachers Retirement System (KTRS), State Employees, School Boards, or Other (includes: COBRA, Health Departments, KCTCS, Quasi/Local Governments).
- **Plan** is Standard PPO, Capitol Choice, Optimum PPO, Maximum Choice, Commonwealth Essential, Commonwealth Enhanced, Commonwealth Premier, or Commonwealth Select.
- **Carrier** is claims listed by carrier. (Please note that Express Scripts data is designated as Humana).
- **Generic Efficiency** means the number of prescriptions that are filled with a generic product as a percentage of the total number of prescriptions where a generic is available.
- **OOP** is the amount paid out-of-pocket by the member for facility, professional, and prescription drug services. This generally includes coinsurance, co-payment, and deductible amounts.
- **Allowed Amount** is the amount of submitted charges eligible for payment for all claims. It is the amount eligible after applying pricing guidelines, but before deducting third party, co-payment, coinsurance, or deductible amounts.
- **Net Payment** is the net amount paid for all claims. It represents the amount after all pricing guidelines have been applied, and all third party, co-payment, coinsurance, and deductible amounts have been subtracted.
- **Patients** is the unique count of members who received facility, professional, or pharmacy services.
- **Days Supply** is the number of days for which drugs were supplied for prescriptions filled. It represents the number of days of drug therapy covered by a prescription.
- **Mail Order** is computed as any script filled with a “days supply” of more than 30 days, regardless of the physical location where the prescription was filled.
- **Retail** is computed as any script filled with a “days supply” of 30 days or less, regardless of the physical location where the prescription was filled.

Enrollment

The following chart shows planholder enrollment (contracts) for 2006-2013 and monthly year-to-date for 2014. Enrollment will fluctuate on a monthly basis (Approximately 8,000 cross-referenced spouses in any given month are not included)

The following chart shows member enrollment (covered lives) for 2006-2013 and monthly year-to-date for 2014. Enrollment will fluctuate on a monthly basis.

Enrollment *(continued)*

The following graph shows the number of cross-reference spouses for 2006-2013 and monthly year-to-date for 2014. The number of Cross Referenced Spouses will fluctuate on a monthly basis.

Enrollment *(continued)*

The following charts show Planholder and Member enrollment by group, plan, and coverage level.

* Others include Cobra, Health Departments, KCTCS, Quasi/Local Governments, or Missing (unable to determine group).

Claims Costs

Claims costs include Medical and Prescription (Rx) for the most recent rolling year. Based on Incurred Claims.

Claims Costs *(continued)*

The following tables represent incurred claims by Group for 2006 - 2013 and monthly year-to-date for 2014.

INCURRED MEDICAL CLAIMS (no Rx) by Group:

	School Boards	KTRS	KRS	State Employees	Others*	Totals

Jun-14	\$22,178,579	\$112,610,498	\$134,789,078

**Premium (or premium equivalent) is based on enrollment using published premium rates—it is NOT based on actual payments received.*

Prescription Drug Utilization

The following details the number of families that have purchased 75 scripts or more during 2006-2013 and by month for 2014. After a family has filled 75 prescriptions via retail purchase, the co-payment is reduced to \$30 for 2nd tier and \$44 for 3rd tier.

The table below summarizes plan impact for families regarding the scripts benefit in 2014:

Script Count, per Family	Number of Families	Number of Scripts	Avg. # of Scripts per Patient	Avg. Net Payment per Script	Net Payments For All Scripts
0 - 75	71,177	1,182,708	11.76	\$76.36	\$90,305,738.32
Over 75	668	61,829	40.15	\$84.66	\$5,234,414.02
Total	71,845	1,244,537	12.19	\$76.77	\$95,540,152.34

Prescription Drug Utilization *(continued)*

The following details the type of prescription filled, the percent that were generic, and the generic efficiency rate for the most recent rolling year. Based on paid claims..
